**CONFIRMATION OF MINUTES**

The Minutes of the Local Traffic Committee Meeting held on Tuesday, 7 August 2018 were confirmed.

**MATTERS ARISING FROM COUNCIL'S RESOLUTION OF MINUTES**

The Local Traffic Committee recommendations of its meeting held on 7 August 2018 were adopted at Council's meeting held on 28 August 2018, with the exception of LTC0818 Item 4 in which Council requested that the alternative plan devised for a resident be referred to the September Local Traffic Committee meeting for its consideration.

**LTC0918 Item 1 Traffic Management Plan for the 2018 New Year's Eve Event (Balmain Ward / Balmain Electorate / Leichhardt LAC)****SUMMARY**

As instructed by the Police, access to the Balmain peninsula is closed to vehicular traffic every New Year's Eve. This report outlines the traffic management associated with the event.

**Officer's Recommendation****THAT:**

1. the Traffic Management Plan (Attachment 1) detailing the traffic arrangements for the 2018 New Year's Eve be supported;
2. the Traffic Management Plan (Attachment 1) be forwarded to Council's Parks and Streetscapes Coordinator, Transport Management Centre and the Major Events & Incidents Group (NSW Police);
3. a temporary 'No Stopping' zone be installed on the eastern side of Montague Street between Darling Street and Beattie Street, Balmain;
4. That the following modifications to bus stops be approved:
  - a. On the northern side of Darling Street:
    - i. Install temporary 'Bus Zones' between Mort Street and Ford Street
    - ii. Extend the 'Bus Zone' between Ford Street and McDonald Street
    - iii. Extend the 'Bus Zone' between McDonald Street and Curtis Road, outside Nos.217-223 Darling Street
  - b. On the southern side of Darling Street:
    - i. Install a temporary 'Bus Zone' between Booth Street and Beattie Street, outside No. 244-270 Darling Street.
5. The Police representative be requested to provide bike unit resources to improve traffic/crowd controls around the Darling Street/Curtis Road intersection (roundabout);
6. The Police be requested to liaise directly with the Roads and Maritime Services in regards to the installation of variable message signs ("Balmain Peninsula is closed" and "Alcohol Free Zone") on the main access roads into Balmain Peninsula a few days in advance of the event;
7. Confirmation be sought regarding the areas to be declared alcohol free and the Police and Transit Systems representatives be advised;

8. The Transit Systems representative be requested to place adequate notices on buses regarding the establishment of an alcohol free zone in the Balmain East area (details to be provided by Council);
9. The taxi/hire car access to the Peninsula be restricted from 7:00pm.
10. Taxis/hire cars carrying mobility impaired or infirmed residents be permitted access at all hours into the Peninsula; and
11. The NSW Taxi Council be advised of the Committee's recommendation.

### **DISCUSSION**

The representative for Transit Systems stated that, in regards to part 8 of the recommendation, notices on buses is not the most appropriate channel to communicate messages about an alcohol free zone as this space is used by Transport for NSW to advertise transport messages for the Christmas and New Year period. The representative advised that a request for notices for the establishment of an alcohol free zone should be submitted to Transport for NSW.

The Committee members agreed with the Officer's recommendation with an amendment to part 8 to reflect comments from the Transit Systems representative.

### **COMMITTEE RECOMMENDATION**

**THAT:**

1. the Traffic Management Plan (Attachment 1) detailing the traffic arrangements for the 2018 New Year's Eve be supported;
2. the Traffic Management Plan (Attachment 1) be forwarded to Council's Parks and Streetscapes Coordinator, Transport Management Centre and the Major Events & Incidents Group (NSW Police);
3. a temporary 'No Stopping' zone be installed on the eastern side of Montague Street between Darling Street and Beattie Street, Balmain;
4. That the following modifications to bus stops be approved:
  - a. On the northern side of Darling Street:
    - i. Install temporary 'Bus Zones' between Mort Street and Ford Street
    - ii. Extend the 'Bus Zone' between Ford Street and McDonald Street
    - iii. Extend the 'Bus Zone' between McDonald Street and Curtis Road, outside Nos.217-223 Darling Street
  - b. On the southern side of Darling Street:
    - i. Install a temporary 'Bus Zone' between Booth Street and Beattie Street, outside No. 244-270 Darling Street.
5. The Police representative be requested to provide bike unit resources to improve traffic/crowd controls around the Darling Street/Curtis Road intersection (roundabout);
6. The Police be requested to liaise directly with the Roads and Maritime Services in regards to the installation of variable message signs ("Balmain Peninsula is closed" and "Alcohol Free Zone") on the main access roads into Balmain Peninsula a few days in advance of the event;

8. Transport for NSW be requested to place adequate notices on buses regarding the establishment of an alcohol free zone in the Balmain East area (details to be provided by Council);
9. The taxi/hire car access to the Peninsula be restricted from 7:00pm.
10. Taxis/hire cars carrying mobility impaired or infirmed residents be permitted

access at all hours into the Peninsula; and  
**11. The NSW Taxi Council be advised of the Committee's recommendation.**

**For motion:** Unanimous

**LTC0918 Item 2 Batty Street, Rozelle - Proposed Kerb Extension Design Plan (Balmain Ward/ Balmain Electorate/ Leichhardt LAC)**

**SUMMARY**

A detailed design plan has been finalised for the proposed treatment in Batty Street, Rozelle at its intersection with Mansfield Street.

The proposal includes installing kerb extensions to reinforce the existing 'No Entry' restriction that prohibits northbound entry into Batty Street from Mansfield Street, and to install pedestrian kerb ramps to improve pedestrian safety.

Consultation was undertaken with the owners and occupiers of properties adjacent to the intersection regarding the proposal. A summary of the consultation results are presented in this report for consideration.

**Officer's Recommendation**

**THAT the detailed design plan for the kerb extensions and associated signs and line markings at the intersection of Batty Street and Mansfield Street, Rozelle (as per the attached design plan no.10025) be approved.**

**DISCUSSION**

Clr Da Cruz stated that she was concerned that the proposed kerb extensions will be in the middle of the road and that there will be wide space on the other side of the kerb extensions. Clr Da Cruz believed that the road needed to be blocked off as the proposed kerb extensions will not indicate to motorists that there is no entry into Batty Street from Mansfield Street.

Council Officers advised that a wider kerb extension on the western side of the street had been investigated. It was found that this would have limited vehicle manoeuvrability along the street and would result in the removal of some parking spaces. Moving the kerb blisters towards the centre of the road allowed parking to be retained.

The RMS representative suggested installing a 'No Entry' sign on the western side of the intersection, in addition to the proposed 'No Entry' sign on the eastern side. This could increase awareness to motorists travelling in both directions on Mansfield Street that they cannot access Batty Street.

The Committee members agreed with the Officer's recommendation.

**COMMITTEE RECOMMENDATION**

**THAT the detailed design plan for the kerb extensions and associated signs and line markings at the intersection of Batty Street and Mansfield Street, Rozelle (as per the attached design plan no.10025) be approved.**

**For motion:** Unanimous

**LTC0918 Item 3 Booth Street Bridge Widening over Johnston Creek, Annandale****SUMMARY**

A detailed design plan has been prepared for the Booth Street Bridge widening over Johnston Creek. The proposal adds a separated unidirectional cycleway in the southbound direction as well as footpath and linemarking amendments.

It is recommended that the proposed detailed design plans be approved.

**Officer's Recommendation****THAT:**

- 1. The design plans for the proposed Booth Street Bridge Widening over Johnston Creek, Annandale (as per the attached design plans No. C101.3 and C101.5) be approved; and**
- 2. Additional PS-2 bicycle logos be provided in the northbound direction on both approach and departure to the proposed treatment.**

**DISCUSSION**

The representative for the Inner West Bicycle Coalition stated that the Booth Street Bridge has not been treated for cyclists and is a missing link of the East West Cycle Route. The representative asked whether the bike lane on Booth Street Bridge would be extended further north.

Council Officers advised that the northern section of Booth Street was under the jurisdiction of the City of Sydney. Council Officers had made enquiries with the City of Sydney to find out why the bike lane ends before the roundabout. City of Sydney advised Council Officers that funding was not yet available and there are constraints to extending the bike lane due to existing trees. However, City of Sydney have identified that there is a possibility of extending the bike lane to the roundabout and further south.

The Inner West Bicycle Coalition representative stated that the shared path near the roundabout does not have signage indicating the end of the shared path. Council Officers suggested raising this issue with the City of Sydney as this section of road is within its jurisdiction.

The Committee members agreed with the Officer's recommendation.

**COMMITTEE RECOMMENDATION****THAT:**

- 1. The design plans for the proposed Booth Street Bridge Widening over Johnston Creek, Annandale (as per the attached design plans No. C101.3 and C101.5) be approved; and**
- 2. Additional PS-2 bicycle logos be provided in the northbound direction on both approach and departure to the proposed treatment.**

**For motion:** Unanimous

**LTC0918 Item 4 Boomerang Street, Haberfield - Haberfield North LATM - Traffic calming improvements (Leichhardt Ward / Summer Hill Electorate / Ashfield LAC)****SUMMARY**

Detailed design plans have been finalised for the proposed road and traffic improvements in Boomerang Street, Haberfield as part of Council's 2018/19 & 2019/20 Capital Works Program for Traffic Facilities.

The proposed works include the upgrade of an existing at-grade pedestrian (zebra) crossing to a raised pedestrian (zebra) crossing, introduction of speed calming devices and upgraded bicycle facilities with associated line marking and signposting.

**Officer's Recommendation**

**THAT the detailed design plans for the raised pedestrian crossing, traffic calming devices, bicycle facilities and kerb blisters with associated signposting and line marking in Boomerang Street, Haberfield (as per the attached plan Nos. 10041, 10013B & 10014) be approved.**

**DISCUSSION**

The representative for the Member for Summer Hill asked what criteria must be met in order for Boomerang Street to be converted to a School Zone. The RMS representative advised that a school needs to directly front the street and the street must provide direct access to the school.

The representative for the Inner West Bicycle Coalition stated that:

- the proposed green bike lane for the northbound direction of Boomerang Street is not necessary.
- the marking of a bike lane close to the doors of parked cars would create a dangerous environment for cyclists.
- cyclists would be safer staying in the middle of the lane instead of using the bike lane as cars would likely veer over to the bike lane when travelling over the speed cushion.
- experienced cyclists can use the road and cycle over the speed cushion.
- the kerb could be extended to narrow the section of road where the speed cushion is proposed.

The representatives for the Member for Summer Hill and the Member for Balmain agreed that the proposed bike lane will be unsafe for cyclists. The representative for the Member for Summer Hill added that it is likely that a motorist will attempt to overtake a cyclist in the proposed bike lane when going over the speed cushion.

NSW Police representatives stated that cyclists will likely veer to the left of the speed cushion regardless of the presence of a bike lane in the northbound direction.

Council Officers advised that the design attempts to cater for all road users and that the green bike lane signals to drivers to stay in the traffic lane and crossing into the bike lane would be breaching road rules. Council Officers also stated that many cyclists prefer not to ride over speed cushions and if there was no bike lane, cyclists would likely ride around the speed cushion.

The Transit Systems representative requested that the maximum height of the proposed pedestrian crossing be 75mm as per STA and Transit Systems Guidelines, rather than the 75mm to 90mm as noted in the Council Officer's report. Council Officers stated that the intent is for the pedestrian crossing to be constructed at a maximum height of 75mm.

The Committee members agreed with the Officer's recommendation.

### **COMMITTEE RECOMMENDATION**

**THAT the detailed design plans for the raised pedestrian crossing, traffic calming devices, bicycle facilities and kerb blisters with associated signposting and line marking in Boomerang Street, Haberfield (as per the attached plan Nos. 10041, 10013B & 10014) be approved.**

**For motion:** Unanimous

### **LTC0918 Item 5 Victoria Road at Leicester Street, Marrickville – Revised Proposed Kerb Extensions Design Plan – No.10016 (Marrickville Ward / Newtown Electorate / Inner West LAC)**

### **SUMMARY**

A revised design plan has been finalised for the proposed traffic calming improvements in Victoria Road at Leicester Street, Marrickville as part of the Marrickville East LATM study implementation. The revised proposal for kerb extensions with a new kerb and gutter alignment and associated signs and line markings will improve pedestrian safety and traffic conditions at this location.

Consultation was undertaken with owners and occupiers of properties adjacent to Victoria Road and Leicester Street regarding the revised proposal. It is recommended that the revised proposed detailed design plan be approved.

In addition, pedestrian counts in Victoria Road at Leicester Street, Marrickville have been undertaken and RMS warrants for a pedestrian crossing cannot be met at this location; however, the proposed kerb blisters will facilitate safe crossing for pedestrians by reducing crossing widths providing pedestrians a shorter distance to cross the road.

### **Officer's Recommendation**

**THAT the design plan for the revised proposed kerb extensions with a new kerb and gutter alignment and associated signs and line markings in Victoria Road at Leicester Street, Marrickville (as per the attached design plan No. 10016) be APPROVED.**

### **DISCUSSION**

Councillor Da Cruz stated that she was concerned that pedestrians would still need to wait for both lanes of traffic to clear before crossing Victoria Road after the road is narrowed.

Council Officers advised that traffic volumes are low in the street at all times and there are adequate opportunities for pedestrians to cross the street safely.

RMS commented that the proposed treatment would be acceptable for the volumes of traffic

in the street.

The Committee members agreed with the Officer's recommendation.

### **COMMITTEE RECOMMENDATION**

**THAT the design plan for the revised proposed kerb extensions with a new kerb and gutter alignment and associated signs and line markings in Victoria Road at Leicester Street, Marrickville (as per the attached design plan No. 10016) be APPROVED.**

**For motion: Unanimous**

**LTC0918 Item 6 Pedestrian Safety - Balmain East Transport Interchange - Darling Street, Balmain East (Balmain Ward / Balmain Electorate / Leichhardt LAC)**

### **SUMMARY**

Concerns have been raised regarding pedestrian safety at the Balmain East Transport Interchange. In order to address these concerns it is proposed to relocate and redesign the existing pedestrian ramps to provide a diagonal crossing point which would improve sight distance for pedestrians and motorists.

### **Officer's Recommendation**

**THAT:**

- 1. The 15m of the existing 'Bus Zone' restrictions on the northern side of Darling Street, immediately west of the dead-end be signposted as 'Bus Zone 2 Minutes Parking Maximum';**
- 2. That the existing pedestrian ramp on the northern footpath of Darling Street, east of Weston Street opposite be relocated approximately 10m east; and**
- 3. That the existing pedestrian ramp on the southern footpath of Darling Street, east of Weston Street be redesigned to allow the ramp grade to match the new direction of travel to the relocated pedestrian ramp on the northern footpath.**

### **DISCUSSION**

The RMS representative raised an issue with the proposed 'Bus Zone 2 Minutes Parking Maximum' sign. The representative stated that according to NSW Road Rules, a bus cannot stop in a bus zone unless dropping off or picking up passengers. He suggested for the signage to state 'No Parking, Buses Excepted' and have a designated bus zone to pick up and drop off passengers.

The Committee members agreed with the Officer's recommendation.

### **COMMITTEE RECOMMENDATION**

**THAT:**

- 1. The 15m of the existing 'Bus Zone' restrictions on the northern side of Darling Street, immediately west of the dead-end be signposted as 'No Parking, Buses**

Excepted’;

2. That the existing pedestrian ramp on the northern footpath of Darling Street, east of Weston Street opposite be relocated approximately 10m east; and
3. That the existing pedestrian ramp on the southern footpath of Darling Street, east of Weston Street be redesigned to allow the ramp grade to match the new direction of travel to the relocated pedestrian ramp on the northern footpath.

For motion: Unanimous

**LTC0918 Item 7 Edgar Street, Tempe - Proposed '2P Permit Holders Excepted' Parking (Marrickville Ward/Heffron Electorate/Inner West LAC)**

**SUMMARY**

A petition was received from residents requesting permit parking be introduced in Edgar Street, Tempe. Council undertook parking surveys and consultation with all affected residents and owners. As a result of the investigations, Council is now proposing a permit parking scheme in Edgar Street, Tempe to increase parking opportunities for residents.

**Officer’s Recommendation**

**THAT conversion of unrestricted parking to ‘2P Permit Holders Excepted 8:30am-10pm Monday to Friday Area M18’ in Edgar Street, Tempe (southern side) between Unwins Bridge Road and the cul-de-sac, be approved.**

**DISCUSSION**

The representative for the Member for Heffron commented that the Member supported the proposal as he had received a number of representations from residents in Edgar Street who struggled to park in the street due to commuters utilising parking spaces during the day.

The Committee members agreed with the Officer’s recommendation.

**COMMITTEE RECOMMENDATION**

**THAT conversion of unrestricted parking to ‘2P Permit Holders Excepted 8:30am-10pm Monday to Friday Area M18’ in Edgar Street, Tempe (southern side) between Unwins Bridge Road and the cul-de-sac, be approved.**

For motion: Unanimous

**LTC0918 Item 8 Blamire Lane, Marrickville - Proposed 'No Parking ' (Marrickville Ward/Summer Hill Electorate/Inner West LAC)**

**SUMMARY**

Council has received representations seeking parking restrictions in Blamire Lane. Concerns have been expressed by residents regarding access and safety issues at the intersection of Unnamed Lane and Blamire Lane. It is proposed to implement ‘No Parking’ in Blamire Lane (both sides) and Statutory 10m ‘No Stopping’ restrictions at Blamire Lane and the unnamed

lane in order to improve access and safety. The results from the community consultation process indicated that there is support for a proposal to install 'No Parking' and 'No Stopping' restrictions in Blamire Lane.

### **Officer's Recommendation**

**THAT:**

- 1. 'No Parking' restrictions be installed in Blamire Lane (both sides) between unnamed lane and the rear of property no 34-36 Grove Street, and**
- 2. 'No Stopping' signs be installed in Blamire Lane (both sides) from the intersection of the Unnamed Lane for the statutory distance of 10m.**

### **DISCUSSION**

*(The representative for the Member for Heffron left the meeting at 11.38am during discussion on this Item)*

The Committee members agreed with the Officer's recommendation.

*(The representative for the Member for Heffron re-entered the meeting at 11.40am)*

### **COMMITTEE RECOMMENDATION**

**THAT:**

- 1. 'No Parking' restrictions be installed in Blamire Lane (both sides) between unnamed lane and the rear of property no 34-36 Grove Street, and**
- 2. 'No Stopping' signs be installed in Blamire Lane (both sides) from the intersection of the Unnamed Lane for the statutory distance of 10m.**

**For motion: Unanimous**

**LTC0918 Item 9 Rowley Lane, Camperdown - Proposed 'No Parking' restrictions(Stanmore Ward/Newtown Electorate/Inner West LAC)**

### **SUMMARY**

Following community representations, Council is proposing to convert 'unrestricted' parking in Rowley Lane to 'No Parking'. Community consultation has been carried out and the proposal has been assessed against the current Laneway Guidelines (December 2015). Given the narrowness of the lane, reported damage by service vehicles and the obstruction to off-street parking spaces by parked vehicles, it is recommended to restrict parking in Rowley Lane, Camperdown.

### **Officer's Recommendation**

**THAT the proposal to install 'No Parking' restrictions in Rowley Lane (both sides) between Kingston Lane and St Marys Lane be approved.**

**DISCUSSION**

The Committee members agreed with the Officer's recommendation.

**COMMITTEE RECOMMENDATION**

**THAT the proposal to install 'No Parking' restrictions in Rowley Lane (both sides) between Kingston Lane and St Marys Lane be approved.**

**For motion:** Unanimous

**LTC0918 Item 10 Elswick Street North, Charles Street, Hubert Street, Francis Street, James Street, Leichhardt - Resident Parking Scheme (Leichhardt Ward/ Balmain Electorate/ Leichhardt LAC)**

**SUMMARY**

Council has received correspondence from a number of residents of Elswick Street North, Charles Street, Hubert Street, Francis Street, and James Street, requesting Residential Parking Scheme (RPS) restrictions in their streets to deter commuter/long stay parking.

This report provides the result of the resident parking scheme investigation in Elswick Street North, Charles Street, Hubert Street, Francis Street, and James Street, Leichhardt. It also provides the results of the investigation for the proposed truck ban bounded by Darley Road – James Street – William Street – Elswick Street North.

**Officer's Recommendation**

**THAT:**

- 1. The proposed Resident Parking Scheme in Elswick Street North, Charles Street, Hubert Street, Francis Street, and James Street, Leichhardt not be supported at the present time due to less than 50% support received from the consulted residents; and**
- 2. The proposed truck bans in the streets bounded by Darley Road – James Street – William Street – Elswick Street North, Leichhardt be approved, subject to RMS approval of the TMP.**

**DISCUSSION**

*Public speakers: Mr Phillip Lineham, Mr John Golinelli, Mr Luc Streit, Mr Ron Page attended at 10.05am.*

Mr Page stated that he supported the recommendation for the Resident Parking Scheme to not proceed in Hubert Street and made the following comments:

- As the WestConnex dive site is no longer proceeding, there would not be a need for a Resident Parking Scheme in Hubert Street.
- Residents on the eastern side of Hubert Street, who do not have rear lane access, would be disadvantaged by the introduction of a Scheme in the street as residents who are not eligible for a permit or have excess number of cars would park on the unrestricted eastern side of the street.

Mr Golinelli expressed support for the recommendation and requested that angle parking be

considered for Hubert Street due to limited parking, speeding and rat running in the street.

Council Officers advised that this is being considered as a separate issue and traffic counts are currently being undertaken on some of the streets in the area.

Mr Lineham stated he supported the recommendation and commented that Francis Street receives high traffic volumes from City West Link who use the road to avoid Norton Street. Mr Lineham stated that he spoke to residents of Francis Street and they would like to make a proposal to Council to half close Francis Street so vehicles can only exit into Darley Road.

*(Mr Lineham, Mr Golinelli, Mr Streit and Mr Page left at 10.18am)*

Councillor Da Cruz advised that she received three submissions from residents requesting for angle parking in Charles Street and notified the Committee of her intention to make a Notice of Motion at Council to investigate this request.

The Committee members agreed with the Officer's recommendation.

### **COMMITTEE RECOMMENDATION**

**THAT:**

- 1. The proposed Resident Parking Scheme in Elswick Street North, Charles Street, Hubert Street, Francis Street, and James Street, Leichhardt not be supported at the present time due to less than 50% support received from the consulted residents; and**
- 2. The proposed truck bans in the streets bounded by Darley Road – James Street – William Street – Elswick Street North, Leichhardt be approved, subject to RMS approval of the TMP.**

**For motion:** Unanimous

**LTC0918 Item 11 Margaret Street at Yara Avenue, Rozelle - Proposed 'No Stopping' Restrictions (Balmain Ward/ Balmain Electorate/ Leichhardt LAC)**

### **SUMMARY**

Council has received a request to signpost the statutory 'No Stopping' restrictions at the corners of the Margaret Street and Yara Avenue (Rozelle) intersection, in order to prevent illegal parking and improve sight lines.

### **Officer's Recommendation**

**THAT:**

- 1. A 10m 'No Stopping' zone be installed on the southern side of Yara Avenue, west of Margaret Street, Rozelle;**

**LTC0918 Item 16      Minor Traffic Facilities (All Wards/ All Electorates/ All LACs)**

**SUMMARY**

This report considers minor traffic facility applications received by Inner West Council, including 'Disabled Parking' and 'Work Zone' requests.

**Officer's Recommendation**

**THAT:**

1. A 6m 'Disabled Parking' zone be removed in front of No.48 Smith Street, Balmain as it is no longer required;

**LTC0918 Item 18 Dixon Avenue, Dulwich Hill –Traffic Calming Design Plan 10005 – Intersection narrowing and threshold treatment at Old Canterbury Road (Ashfield Ward /Summer Hill Electorate/ Ashfield & Inner West LAC)**

## **SUMMARY**

A detailed design plan for the proposed traffic calming improvements in Dixon Avenue, Dulwich Hill at its intersection with Old Canterbury Road, as part of the Dulwich Hill North LATM study implementation, was finalised and presented at the 7 August 2018 Traffic Committee meeting (LTC0818 Item 4) for approval. A resident of Dixon Avenue attended and objected to the proposal as it resulted in the loss of two parking spaces. The resident stated that there is the potential to retain one of the parking spaces if the kerb extension was reduced. The resident also attended Council's meeting of 28 August 2018 and Council resolved to resubmit the matter back to the Committee for consideration.

## **Officer's Recommendation**

**For the Traffic Committee to consider.**

## **DISCUSSION**

Council Officers presented the alternative design plan (Option 2) for the proposed traffic calming improvements as first presented by the resident at the Council meeting. Council Officers explained the differences between the two design plans:

Option 1 (the original design presented at August LTC meeting):

- There will be a loss of two parking spaces.
- The centre line remains as is.
- Service vehicles can make left and right turns without crossing the centre line.
- First car parking space not located within 10m of the intersection.

Option 2:

- There will be a loss of one parking space.
- One parking space will be within the statutory 10m zone.
- It is proposed that the centre line be moved 1m across to accommodate turning circles. However, service vehicles turning left or right would still cross the centre line.

Council Officers explained in relation to Option 2 that the parking space, although closer than 10m to the intersection, it would be indented and on the downstream to traffic so sightlines to pedestrians was clear.

The RMS representative stated that he had no concerns with retaining a parking space in the 'No Stopping' zone in Option 2 as the sight distance is adequate at the corner. However, the representative was concerned with vehicles having to negotiate a more complex turn and vehicles crossing the centre line. The representative suggested removing the parking space outside No.5 Dixson Avenue as it appears this space causes vehicles to cross the centre line.

The RMS representative also stated that the proposed at-grade threshold at the entry of Dixson Street is not necessary. The representative advised that at-grade thresholds are typically used for gateway treatments for 40km/h zones with high pedestrian activity. He stated that black asphalt is more appropriate for Dixson Street as it is a 50km/h zone and a low pedestrian activity area. The representative raised a concern that entry threshold treatments used in high pedestrian areas could lose their effect if they became a common treatment for streets with low pedestrian activity.

Council Officers commented that the proposed threshold treatment came from the Dulwich Hill North Local Area Traffic Management study which recommended encouraging slower speeds in the area and is not a treatment for every street. Council Officers stated that Dixson Street would have relatively few truck movements.

The Police representative supported Option 2 given the low usage of the streets by trucks and the retention of an extra parking space.

The Committee members agreed to endorse Option 2 and agreed with the removal of the at-grade threshold at the entry to Dixson Street.

### **COMMITTEE RECOMMENDATION**

**THAT:**

- 1. Option 2 of the detailed design plan of the kerb extension and associated signs and line markings at the intersection of Dixson Avenue and Old Canterbury Road, Dulwich Hill be APPROVED.**
- 2. The new at-grade threshold be removed from the design plan.**
