

# SUPPLEMENTARY AGENDA 1

---

Distributed on 3 December 2024

**COUNCIL MEETING**

**TUESDAY 3 DECEMBER 2024**

**6:30 PM**

---

Location Ashfield Service Centre, 260 Liverpool Road, Ashfield

## MEETING AGENDA – PRECIS SUPPLEMENTARY ITEMS

The following reports appear as late items as information required for the preparation of the reports was not available at the time of distribution of the Business Paper.

### 1 Mayoral Minutes

ITEM		Page
C1224(1) Item 48	Mayoral Minute: Inner West Sustainability Hub Next Steps	3
C1224(1) Item 49	Mayoral Minute: Survey of Recreational Needs for Girls and Young Women	4

---

**Item No:** C1224(1) Item 48  
**Subject:** MAYORAL MINUTE: INNER WEST SUSTAINABILITY HUB NEXT STEPS  
**From:** The Mayor, Councillor Darcy Byrne

---

**MOTION**

1. That Council postpone the Circular Economy Round Table (scheduled for Monday 9 December) to be held in January 2025 instead and incorporate into the agenda of that forum a consultation on a promotional plan for the Sustainability Hub in 2025.
  2. That Council table a report for the February Ordinary Council Meeting with a draft promotional plan for the Sustainability Hub in 2025, incorporating feedback from the tenants as well as other relevant organisations. This should include consideration of a budget allocation for communications, promotion and events to be developed in consultation with these organisations, and a plan to increase signage and wayfinding to the Hub.
  3. That Council identify a senior officer to be the primary point of contact for tenants at the Sustainability Hub and the coordinator of Council's oversight of the Hub. This is to be addressed in the report to the February Ordinary Council Meeting.
- 

**Background**

In July 2023, the Council opened the Inner West Sustainability Hub at the former Summer Hill Depot.

A variety of local not-for-profit organisations have been operating from there since then. These include Dress for Success, The Bower, and Re Place Inner West.

The ongoing success of the Sustainability Hub, its contribution to building our local circular economy, and the viability of the organisations that have taken up tenancies there, depend upon increasing the profile of the Hub as well as driving up visitation and pedestrian traffic.

In order to increase the attendance at the Sustainability Hub, Council must play an ongoing coordination and promotional role.

**ATTACHMENTS**

Nil.

**Item No:** C1224(1) Item 49  
**Subject:** MAYORAL MINUTE: SURVEY OF RECREATIONAL NEEDS FOR GIRLS AND YOUNG WOMEN  
**From:** The Mayor, Councillor Darcy Byrne

---

**MOTION**

**That Council officers report to the March Ordinary Council Meeting with a draft survey for consultation with local girls and young women about their recreational needs and preferences for new facilities. This should include a plan for how the survey would be widely promoted and disseminated, including use of social media and local organisations and networks.**

---

**Background**

Traditionally, many youth recreational facilities have not been designed to maximise usage by girls and young women.

Similarly, sporting facilities have generally, in the past, been utilised predominantly by boys and men.

There is a shortage of passive and active recreational facilities and spaces for girls in the Inner West. This is a discrepancy that should be addressed.

An important first step in planning for improved provision for recreational spaces for adolescent girls and young women is to consult with them about their needs and preferences.
